Welcome

Additions to the Agenda - none

School Reports

- It has been a great start. The weather has allowed us to start skating, skiing, and snowshoeing. We are starting a Wellness program for grade 5s. Students are grouped together based on interest (ice sports, field sports, court sports, etc). Sessions will focus on skills, nutrition, training, and the value of sport. The group will be led by Mr. Sullivan and each group will run one a week for 4-6 weeks. We are also exploring a school wide phonics program. Additionally, 18 staff members will taking First Aid this week.

New Business

Committee Reports

- Family Activities. The craft night was well attended. The Skate Night is organized. However, the weather is not looking promising
- Health and Wellness. There is a Move Your Mood school challenge being organized. There is also a Participaction community challenge that is coming in May.

Adjournment (7:20). Moved by D. Fredeen. Seconded by L. Turner. Carried
